

Quiz 4.1 – Covalent Bonds

Name: _____

Question 1

Based on their position on the periodic table, predict how many bonds each element will typically form

O Cl Kr P C F N S He

Question 2Use Lewis dot diagrams to show how the bonds are formed in the molecules NH_3 and CO_2 **Question 3**

Give the total number of valence electrons in each compound:

**Question 4**

Draw a Lewis structure for each compound. Identify single bonds, double bonds, triple bonds, and lone pairs on each structure:

**Question 5**Draw a Lewis structure and identify which bond is a *coordinate covalent* bond in each compound:

Still I Rise

By Maya Angelou

You may write me down in history
With your bitter, twisted lies,
You may trod me in the very dirt
But still, like dust, I'll rise.

Does my sassiness upset you?
Why are you beset with gloom?
'Cause I walk like I've got oil wells
Pumping in my living room.

Just like moons and like suns,
With the certainty of tides,
Just like hopes springing high,
Still I'll rise.

Did you want to see me broken?
Bowed head and lowered eyes?
Shoulders falling down like teardrops,
Weakened by my soulful cries?

Does my haughtiness offend you?
Don't you take it awful hard
'Cause I laugh like I've got gold mines
Diggin' in my own backyard.

You may shoot me with your words,
You may cut me with your eyes,
You may kill me with your hatefulness,
But still, like air, I'll rise.

Does my sexiness upset you?
Does it come as a surprise
That I dance like I've got diamonds
At the meeting of my thighs?

Out of the huts of history's shame
I rise
Up from a past that's rooted in pain
I rise

I'm a black ocean, leaping and wide,
Welling and swelling I bear in the tide.

Leaving behind nights of terror and fear
I rise

Into a daybreak that's wondrously clear
I rise

Bringing the gifts that my ancestors gave,
I am the dream and the hope of the slave.
I rise

I rise

I rise

I rise.
